1. Introduction

- 1.1 The Veterinary Studies Scholarships Scheme is intended to support students pursuing a course in Veterinary Studies leading to [MQF Level 7] abroad leading to registration of a Veterinary Surgeon as determined by the Board of Veterinary Surgeons.

2. General Regulations

AIMS AND OBJECTIVES

- 2.1 The Ministry for Education, Sport, Youth, Research and Innovation (as defined in 3.19) is committed to strengthening the existing system of scholarships to assist more students and ease the financial burden incurred especially in cases when they are compelled to follow their studies abroad.

The need has long been felt to aid and assist students following courses in Veterinary Medicine. Courses leading to Veterinary Studies leading to [MQF Level 7] are to date not available locally.

Since in some countries, you can study veterinary medicine at the undergraduate level, an anomaly was created in our system of present scholarship schemes which rendered undergraduate applicants ineligible for funding covering tuition/bench fees.

The Veterinary Studies Scholarships Scheme enables students following the Course in Veterinary studies leading to [MQF Level 7] to apply and be awarded a more rewarding financial package covering five years until completion and ultimately graduating in Veterinary Medicine at a Recognised Institution and with an MQF Level 7 certification of the Malta Qualification Framework.
